## ITSC – Your partner for making connections in the world of thermal spray technology.

The ASM Thermal Spray Society (TSS), through ITSC, delivers three days of premier technical programming from thermal spray experts, as well as an unparalleled exposition, featuring the world's largest gathering of thermal spray equipment suppliers, consumable and accessory suppliers, vendors and service providers.

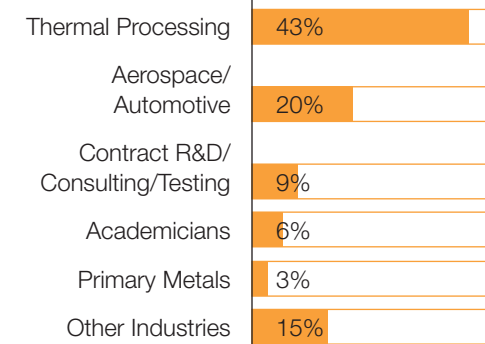

This targeted, qualified audience wants to see and learn the latest developments in thermal spray equipment and ancillary products and markets, along with other supplies and services.

ITSC attracts thermal spray practitioners from captive and commercial shops, rebuilders and OEM suppliers. It attracts specifiers including design engineers, purchasing agents, and quality assurance/quality control personnel who are considering thermal spray for corrosion resistance, performance and other cost-savings benefits. Research and development personnel who develop new and improved thermal spray materials, processes and equipment will also be there.

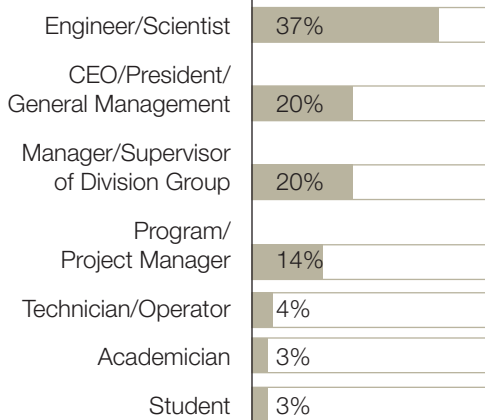

The audience at ITSC is made up of the decision makers you want to reach:

### Purchasing Decision Makers and Influencers

#### By Organization Type

#### By Job Title/Function

### In addition to the Pacific Rim market, see your global prospects as well!

This event affords you the most important opportunity to stay on top of the latest trends and technologies within your industry – and grow your business. If you are selling to application engineers, project managers, end users, supervisors and company management in processing, thermal spray companies, automotive, aerospace, biomedical, semiconductor and other surface engineering product markets, then you can't miss this opportunity.

Exhibit/sponsor at this year's premier thermal spray event – the ASM International Thermal Spray Conference and Exposition. ASM and the Thermal Spray Society – bringing buyers and sellers together.

Prime exhibit space is selling quickly. Now is the time to reserve your space and lock in your booth location. Contact Kelly Thomas, National Account Manager, [kelly.thomas@asminternational.org](mailto:kelly.thomas@asminternational.org) or 440.338.1733.
