

TABLETOP EXHIBITION

LÖT 2016 is getting closer and closer!

The efficiency and application spectrum of a technology can best be demonstrated using current products. With a Tabletop Exhibition, we are offering firms and institutions, parallel to the Conference, a forum at which they will have the possibility of introducing the innovations and achievements of their companies in the fields of brazing, high-temperature brazing and diffusion welding to a wide trade public. Take advantage of this exclusive environment: Meet technologists, fabrication experts, service providers and users and establish contacts and networks with the decision-takers in the sector. The modern event concept, the Conference and the Tabletop Exhibition under one roof, will result in extended discussion possibilities and an intensive exchange of opinions. The Tabletop Exhibition which was staged on the occasion of LÖT in 2013 has already been very successful for all the exhibitors. Secure your exhibition place today. The exhibition space will be limited. **The Tabletop Exhibition will be open throughout the Conference.**

Please complete and return the registration form by **March 1, 2016** to:

DVS – German Welding Society, Conference Department
P.O. Box 10 19 65, 40010 Düsseldorf/Germany

P +49. (0)2 11. 1591-302/-303, **F** +49. (0)2 11. 1591-300, tagungen@dvs-hg.de
